

# Tomasz Wysocki

curriculum vitae

## AREA OF SPECIALIZATION

philosophy of science, metaphysics,  
philosophy of cognitive science

## AREA OF COMPETENCE

ethics, medical ethics, logic,  
philosophy of medicine

## EDUCATION

<b>2023</b>	Ph.D. <b>history and philosophy of science</b>	University of Pittsburgh
<b>2018</b>	Ph.D. <b>economics</b>	Wrocław University of Economics
<b>2016</b>	M.A. <b>philosophy-neuroscience-psychology</b>	Washington University in St. Louis
<b>2011</b>	M.A. <b>philosophy</b>	University of Wrocław
<b>2010</b>	M.Sc. <b>computer science</b>	University of Wrocław
<b>2008</b>	M.A. <b>management</b>	Wrocław University of Economics
<b>2023</b>	graduate certificate in <b>neuroscience</b> from the Center for the Neural Basis of Cognition, CMU / University of Pittsburgh	

## EMPLOYMENT

**2023** Post-doctoral researcher at the Georg August University of Göttingen.

## PUBLICATIONS

- 2023** The underdeterministic framework. *The British Journal for the Philosophy of Science*. Forthcoming.
- An event algebra for causal counterfactuals. *Philosophical Studies*. Forthcoming.
- Conjoined cases. *Synthese* 201:197.
- The delusive benefit of the doubt. *Studies in History and Philosophy of Science* 100:47–55.
- 2020** Normality: a two-faced concept. *Review of Philosophy and Psychology* 11(4):689–716.
- 2017** Explanatory circles, induction, and recursive structures. *Thought* 6(1):13–16.
- Arguments over intuitions? *Review of Philosophy and Psychology* 8(2):477–499.

## GRANTS AND FELLOWSHIPS

---

**2023 JSPS short-term fellowship**, a dissertation fellowship for a semester-long visit at the University of Kyoto, funded by the Japan Society for the Promotion of Science (Japan)

---

**2022 Chateaubriand Fellowship**, a dissertation fellowship for a semester-long visit at University Paris-1 Panthéon-Sorbonne, funded by the French embassy to the US (France)

---

**2014 Preludium**, a multi-year grant for empirical research in economics: “Why does everyone want to study? Educational choices of high school graduates from the perspective of identity economics,” funded by the National Science Centre (Poland)

---

**2011** A fellowship for a year-long visit to the NYC area, funded by Rutgers University Center for Cognitive Science (USA)

---

## PRESENTATIONS

---

**2023** Type causation, underdeterministically. *10th Biennial Meeting of the Asia-Pacific Philosophy of Science Association*, Hanoi, Vietnam

---

Underdeterministic causation with string diagrams. *Causation in Kyoto*, Kyoto, Japan

---

Underdeterministic causation with string diagrams. *Japan Association for Philosophy of Science Annual Meeting*, Tokyo, Japan

---

**2022** Causal decision theory for the ones in probabilistic darkness. *Philosophy of Science Association Biennial Meeting*, Pittsburgh, USA

---

Underdeterministic counterfactuals on the modal horizon. *Philosophy of Language and Mind Network Conference*, Warsaw, Poland

---

Personal identity, personality changes, and fission. *2<sup>nd</sup> European Experimental Philosophy Conference*, Granada, Spain

---

Causal decision theory for the ones in probabilistic darkness. *6<sup>th</sup> IIFs-UNAM Philosophy Graduate Student Conference*, online.

---

Causal decision theory for the ones in probabilistic darkness (poster). *Society for Philosophy and Psychology Conference*, Milan, Italy

---

Conjoined cases, causation, and normality (poster). *Society for Philosophy and Psychology Conference*, Milan, Italy

---

---

The underdeterministic framework. *North American Summer School in Logic, Language, and Information*, Los Angeles, USA (recipient of the best presentation award)

---

Underdeterministic counterfactuals. *Philosophy of Language Association Conference*, online

---

The underdeterministic framework. *Formal Epistemology Workshop*, Irvine, USA

---

Conjoined cases, causation, and normality. *Central APA*, Chicago, USA

---

**2021** Underdeterministic causation: a proof of concept. *Philosophy of Science Association Biennial Meeting*, Baltimore, USA

---

Conjoined cases, causation, and normality. *Philosophy of Science Association Biennial Meeting*, Baltimore, USA (poster)

---

Underdeterministic causation: a proof of concept. *Eastern APA*, online

---

Underdeterministic counterfactuals. *Central APA*, online

---

**2019** The delusive benefit of the doubt. *Central APA*, Denver, USA

---

Causal judgments and model implementation. *International Association for Computing and Philosophy Meeting*, Mexico City, Mexico

---

How to measure norms? A tool for an identity economist. *Philosophy of Social Science Roundtable*, Burlington, USA

---

Production explanations in formal sciences. *Philosophers' Rally*, Cracow, Poland

---

**2018** Causes, cycles, equilibria. *Philosophy of Science Association Biennial Meeting*, Seattle, USA

---

Causes, cycles, equilibria. *Pacific APA*, San Diego, USA

---

The delusive benefit of the doubt. *The Neurobiology of Moral Conscience Workshop*, Tübingen, Germany

---

Production explanations in formal sciences. *International Association for Computing and Philosophy Meeting*, Warsaw, Poland

---

Intensions and intuitions. *Chalmers and Carnap on Metaphilosophy*, Vienna, Austria

---

Intensions and intuitions. *Philosophers' Rally*, Łódź, Poland

---

Norms and college major choice. *Annual Meeting of American Economic Association*, Philadelphia, USA (poster)

---

---

**2017** Normality: a two-faced concept. *Eastern APA*, Baltimore, USA

---

Seeing unreliably. *Southern Society of Philosophy and Psychology conference*, Savannah, USA

---

Causes, cycles, equilibria. *Philosophers' Rally*, Wrocław, Poland

---

Norms and college major choice. *Conference of Economics Departments*, Międzyzdroje, Poland

---

---

**2016** Mathematical induction, grounding, and causal explanations. *Central APA*, Chicago, USA.

---

The evidential value of p-values. *Pacific APA*, San Francisco, USA

---

Normality: a two-faced concept. *Experimental philosophy conference*, Buffalo, USA

---

---

**2015** Arguments over intuitions? *Pacific APA*, Vancouver, Canada

---

Normality: a two-faced concept. *European Society for Philosophy and Psychology conference*, Tartu, Estonia

---

Normality: a two-faced concept. *CUNY Graduate Conference: Normativity and the Human Sciences*, New York, USA

---

Seeing unreliably. *Experimental philosophy conference*, Buffalo, USA

---

The evidential value of p-values. *Central States Philosophical Association conference*, Lexington, USA

---

## TEACHING

---

### independent

Morality and medicine	2019F	2020S	2021S	University of Pittsburgh
Mind and medicine	2021F			

---

### assistantship

Mind and medicine	2018F			University of Pittsburgh
Morality and medicine	2018S			
Present moral problems	2016S	2016F		Washington University in St. Louis
Problems in philosophy	2015S	2015F		

## SERVICE

---

Founded **Society for Philosophy of Causation**; president thereof.

Co-organized **Kyosation (Causation in Kyoto)** conference, Kyoto, June 2023.

Organized a session *Causation and causal models—how to overcome the standstill* at the European Philosophy of Science conference, September 2023.

Organized a **workgroup** on philosophy and psychology of causation, Paris, January-March 2023.

Organized a **workshop** on applying to graduate school, applying for grants and fellowships, and philosophical writing, Kyoto, July 2023.

Reviewer for: *Analysis, Cognition, Erkenntnis, Filozofia Nauki, Philosophical Psychology, Synthese, Topoi*.
